

John Dempsey serves as Chief Executive Officer of Bluepoint Wind, overseeing all technical, commercial, and permitting aspects of the development of the Bluepoint Wind project on behalf of the project's sponsors, Ocean Winds and Global Infrastructure Partners. John came to Bluepoint Wind after spending 5 years at PSEG, where he led the development of PSEG's offshore wind transmission initiatives. Prior to PSEG, John spent 8 years at Exelon.

When not working on offshore wind, John spends most of his time chasing around his three young children. John and his family reside in Morris County, NJ.
